

Chartbuster is a three-year-old bay gelding in training with Julie Camacho.

Chartbuster began his education in the care of Andrew Balding, but was moved to Julie Camacho in October 2016, who felt there was something causing the horse discomfort. Chartbuster was sent to a top orthopaedic surgeon in January 2016, who identified a bit of cartilage that had become detached from his off-side stifle. Chartbuster underwent an operation to remove the separated cartilage and since then, he has really turned a corner and, with a trouble-free preparation, made his racecourse debut at Redcar on 23 June. Chartbuster raced towards the back of the field, but made eye-catching late head-way to finish fourth, beaten just three lengths by the odds-on favourite. This was a really promising debut and he should improve for the run, so we look forward to seeing him back on the track soon.
