

Moabit is a five-year-old bay gelding in training with Paul Nicholls.

Moabit is another lovely prospect. On his British and Owners Group debut in January 2016, Moabit finished second to a quality horse on what was also his hurdling debut, before registering four wins in a row. He was stepped up to Listed level for his penultimate run of the year, when far from disgraced in fifth place, before having no luck in a Class 2 handicap hurdle in August. He has had a nice long break since then and is back in training with Paul Nicholls, who is planning to send him chasing this season. He looks a cracking prospect over the larger obstacles and we are very much looking forward to seeing him back on the racecourse this year.
