

CHAMPAGNE EXPRESS

Champagne Express is an eight-year-old bay gelding, in training with Nicky Henderson.

Champagne Express is very lightly raced with only five runs under rules during 2015/16. He sustained a suspensory injury, which kept him off the track until March 2018, when he ran an encouraging race to finish fourth in a Jumpers' Bumper at Kempton. After such a long absence, he understandably got tired over the 2m 2f trip, but travelled strongly into the race on the home turn and he should come on plenty for the run. Champagne Express has always looked a chaser and, all being well, Nicky will send him over fences after 1 May 2018, so that he is a novice for a full year thereafter. He looks a lovely prospect for the larger obstacles with his size and scope and we hope he will give his owners plenty of fun in the coming months.

"Champagne Express is a lovely horse, who had been working well ahead of his return to the track in March 2018. He was given lots of time after his injury and hopefully his owners' patience will be rewarded when he goes over fences in the spring." **Nicky Henderson, Champion Trainer**
