

Cupboard Love impressed on her first start as a two-year-old in May 2018. She finished third to subsequent Listed and Group 3 winner, Sporting Chance and went on to win her maiden at Haydock next time. She returned to Haydock in July for another impressive win off a mark of 80 but failed to place in three subsequent starts. A big and rangy filly, Cupboard Love went through a growing stage through the summer, which most likely compromised her on the track, but she is currently enjoying a well-deserved winter break and looks wonderful. She will return to trainer Mark Johnston in the new year and he is hopeful that she will resume her progress as a three-year-old having enjoyed a lengthy break.
