

In The Cove is a very good-looking son of Footstepsinthesand and impressed with his easy movement and excellent attitude at the Doncaster Breeze Up Sales. This two-year-old colt is out of a winning mare and is a half-brother to three winners, including the Listed-placed Venturous Spirit. In The Cove is in training with Richard Hannon and he looks like an early two-year-old who could be on the track by June 2018. Richard Hannon has a fantastic record and is particularly effective with two-year-olds. Richard trains from his beautiful base near Marlborough in Wiltshire.

"In The Cove is a strong and precocious-looking colt and we are looking forward to running him. He has settled in very well here and looks like a nice prospect." **Richard Hannon**

In The Cove
 2016
