

Marvel is a yearling colt by Poet's Voice out of Baralinka and is due to head into training with Julie Camacho. He has spent the past six months at Maurice Camacho's stud and has clearly been thriving there. He had sustained a kick to the head as a foal and is now none the worse for his encounter with another feisty foal. Marvel is about to begin the breaking-in process ahead of his much anticipated career as a two-year-old. We believe that Julie Camacho is the perfect trainer for Marvel.

His sire, Poet's Voice, is doing really well, with his best progeny to date being the Group 3-winning and dual Group 1-placed Poet's Word, while his dam, Baralinka, has produced a number of winners, most notably Elite Racing Club's Marlinka, who went on to produce the dual Group 1-winning sprinter Marsha.
