

Rock Steady is a gorgeous four-year-old chesnut gelding by Intikhab out of Mannsara, in training with Roger Charlton.

In nine starts between July 2016 and February 2017, Rock Steady won twice and finished second six times, finishing outside the first two only once, on his latest run in February, where he picked up an injury. Rock Steady was found to have a chip fracture on the right fetlock (ankle) inside the joint, which he picked up during that race. The chip has been removed and he has made a full recovery, so he is now back in full training with Roger Charlton, who is looking for possible races for him.

Rock Steady is a tough and consistent horse, who will hopefully give his owners plenty more fun.

The share price is £55. There will be nothing extra to pay, no matter what costs are incurred during the syndicate period. The capital value for Rock Steady is £50,000, which works out as £16.67 per 0.033% share. Our current management fee is set at £16.33 per 0.033% share.
