

True North is a two-year-old bay gelding in training with Sir Mark Prescott.

He raced four times on the Flat between August and September 2017 and produced a promising effort on the last of those starts when finishing well for seventh in a six-furlong maiden at Yarmouth. True North was given a handicap mark of 65 following that run and he will hopefully come into his own in 2018 as a three-year-old, when stepping up in trip.

True North is by Henrythenavigator, whose progeny tend to improve with age and when racing over further, while his dam, Cosmic Fire, makes him a half-brother to the very useful Ray's The Bar, who won a maiden at Ascot on his debut before heading to America and finishing third in a Grade 3. True North is in training with Sir Mark Prescott, who has trained some wonderful horses over the years, including the top-class Albanova, Alborada and more recently, Marsha. Sir Mark is one of the country's finest trainers and he has enjoyed an excellent record for both Axom and Elite Racing Club over the last five years.

True North
 2015

The share price is £35. There will be nothing extra to pay, no matter what costs are incurred during the syndicate period. The capital value works out as £5 per 0.04% share.
